## Marketing Boards In B.C. Under Fire

### Grower Criticizes Low Fruit Prices

By HAROLD MORRISON  
Canadian Press Staff Writer

VANCOUVER (CP)—Elvin Masuch is an aggressive young fruit grower who would have farmers revolt against the government-authorized powers of provincial marketing boards.

"I will fight the marketing scheme right to the end," the East Kootenay farmer told the royal commission on price spreads Wednesday. "I'll never give up."

What angered the 27-year-old Mr. Masuch was that he was forced to market all his crop through the board and yet, he claimed, he was getting rock-bottom prices.

Quoting from invoices, he told that the boards gave farmers the seven-member commission higher prices for their products than in 1955 he got 79 cents for a 40-pound box of medium-sized Macintosh apples while consumers generally were paying about \$4.60 a box.

#### COSTS NOT COVERED

He got seven cents for a 40-pound box of medium-sized Delicious apples while consumers were paying about \$3.80.

In 1953 he gave up shipping prunes altogether—the price he got was so small that it didn't even pay for picking costs.

Consumers would be able to save on prices if they were allowed to buy directly from packing houses and producers, he maintained.

Mr. Masuch, who travelled some 500 miles to present his views, was heard along with Charles Walls of Victoria, manager of the British Columbia Federation of Agriculture, and Alderman Anna Sprott, 70-year-old grandmother who spoke for Vancouver's city council.

#### BLAMES FREIGHT RATES

Mr. Sprott generally sided with Mr. Masuch, saying that not only the operations of the marketing boards but also high freight rates had pushed food prices in Vancouver to record highs for the country.

She believed that the statutory low Crow's Nest Pass freight rate on export grain had to be abolished to ease the burden of high freight charges on other products.

However, Mr. Walls clashed with their views, arguing that the marketing boards not only provided price protection for farmers but also protected the consumers, since they set high standards on quality of products sold.

Cross-examined by Dr. Andrew Stewart of Edmonton, commission chairman, Mr. Walls agreed that this monopoly to continue.

#### COULD DO BETTER

But boards did not make a point of keeping prices "unnecessarily high."

Dr. Stewart suggested criticism of the boards appeared to centre mainly on two points: the compulsory nature of their operations and the averaging-out of returns to member farmers. In some cases farmers might do better by operating independently.

Mr. Walls said this was correct but it would be misleading to leave it at that. Some of the biggest farm producers were the keenest supporters of compulsory marketing. Plebiscites showed that by far the greatest majority of farmers favored this type of marketing.

Compulsory farm marketing boards are in the nature of "a totalitarianism" which consumers will not long permit to continue, says the Independent Milk Producers' Co-operative Association.

Basil Gardom, association president, told the royal commission that free competition is the only "natural stabilizer of price, the life of trade and the balance wheel of industry."

If there were open markets for farm products, "there would be cheaper bread, cheaper grain for the finishing of cattle in British Columbia and Eastern Canada."

"There would be no surpluses when we return to actual values and the cost of living would be relieved of fictitious prices for the benefit of all Canadians."

Mr. Gardom, whose organization had opposed compulsory farm marketing of milk in B.C., said consumers "will never permit this monopoly to continue."

## Gunman Fails in Bid to Hijack Plane

SEOUL, Korea (Reuters) — A seriously wounded South Korean pilot brought his plane in for an emergency landing today after fighting off a gun-wielding South Korean officer who attempted to divert it to North Korea.

The plane's radio operator was killed in the aerial gun battle.

The pilot bled profusely as he landed the plane at Pongtong, 40 miles south of here.

Another airman was reported to have been injured in the struggle in the cabin of the C-46 transport. Other South Korean air force officers and men travelling as passengers finally overpowered the gunman, identified as a Capt. Choi.

The plane was on a flight from Taegu to Seoul when the pilot drew his revolver and ordered the pilot, Capt. Kim Kap-Kyoo, to fly north. When Kim refused and started grappling with Choi, the captain opened fire.

A South Korean air force spokesman said it was "beyond doubt that Choi acted under North Korean Communist instructions."

It was the second attempt in less than two months to divert a South Korean plane to North Korea.

Choi was arrested by military police when Kim landed the plane. An air force spokesman refused to disclose whether Choi had any help from other passengers in his attempt to divert the flight.

## Five Perish In House Fire

CORNER BROOK, Nfld. (CP)—Five members of a family of 11 died today in a blaze that destroyed their home at Savage Cove on the Straits of Belle Isle.

Police here said details were scanty because of poor communications.

Mr. and Mrs. Samuel Applin and three of their children died in the fire.

### Power Failure Hits City

A tree pushed over by a bulldozer crew cut a main transmission line north of Penticton this morning causing a power failure which hampered business and other activity in the city for almost an hour.

The outage affected the entire Penticton area, and communities to the south of the city, including Oliver, Osoyoos and Keremeos.

The 60,000-volt Penticton-Kelowna transmission line was damaged six miles north of Naramata.

A Department of Highways crew uprooted a large tree while bulldozing. It fell across the power line and severed it, the Herald was told.

Kelowna and communities to the north were not affected, according to G. L. Laycock, superintendent of the Okanagan and Similkameen Division of the West Kootenay Power and Light Company.

Supply of power to Penticton ceased at 9:12 a.m. and was restored at 10:04 a.m.

The interruption would have been of shorter duration if the power company had been informed sooner of the location of the broken transmission line.

Line crews isolated the damaged section and started repair work immediately.

Supply of power was restored to the entire area affected after 52 minutes.

WORK AT STANDSTILL

In Penticton the outage affected all city offices, garages and stores. Work came to a standstill at business premises dependent on electricity.

Housewives doing their chores at home with electrical appliances waited impatiently for the resumption of power.

Motorists proceeded with caution at city intersections where traffic lights did not function.

Penticton Hospital was the only place unaffected by the power cut. The hospital's emergency plant came into operation immediately, enabling all services to continue as usual.

Penticton Detachment RCMP were also inconvenienced by the outage.

Lights went out in the police station and radio contact with six other detachments ceased.

The RCMP radio officer told the Herald he used a patrol car radio to maintain contact with mobile stations.

A motion passed at the closed session said "Where it becomes obvious that no agreement can be reached through conciliation, the local association would be justified in adopting such actions as mass resignation or strike measures and in the process can count on BCTF support."

The federation instructed local associations to advertise immediately an agreement is obtained in order to encourage teachers to apply for jobs.

The May 31 deadline was fixed because teachers must submit notice by that time if their resignations are to be effective June 30.

Districts which have not reached settlements with the teachers include Okanagan Border, Penticton, Keremeos, Princeton, Revelstoke, Armstrong, Vernon, Kelowna, Kamloops, Barriere, Summerland and Enderby.

His announcement followed criticism of the course by Dr. Malcolm McGregor, professor of classics at the University of British Columbia. Dr. McGregor told the B.C. Parent-Teacher Federation here Wednesday the course is "a shocking waste of academic time."

The official, who was not named, stressed that revision of the course had nothing to do with Dr. McGregor's criticism. It was just one of a dozen high school courses "now getting a thorough going over."

He added it would take "a year or more" to complete the revision. He could give no details on how it might be revised but added that the department was "not much in favor of teaching about dating."

That part of the course where students are counselled about dating was pointed out by Dr. McGregor in his criticism.

AHEAD OF SCHEDULE

SUMMERLAND — There is no snow at headwaters it was reported at this week's council meeting, and work in the water department is ahead of the usual spring schedule.

A carload of pipe received here is practically all in the ground now, Councillor F. M. Stuart, chairman of the department, said.

CHERYL CRANE, 14, daughter of actress Lana Turner, is escorted by a man in Los Angeles juvenile detention school, where she was sent by a judge who ruled that she could not be returned to her mother until after her trial on April 24. She has been booked on suspicion of murder after admitting, according to authorities, that she stabbed Johnny Stompanato, 32, in the bedroom of her mother's home when he threatened Miss Turner.

## Writes Lana of His Undying Love

(See story on page 8)

LOS ANGELES (AP)—An unfinished letter in which underworld figure Johnny Stompanato poured out his life for movie star Lana Turner was disclosed today.

Handsome Stompanato, 32, was stabbed to death in Miss Turner's home last Friday night. The actress' 14-year-old daughter, Cheryl Crane, told police she did it because Stompanato was threatening her 38-year-old mother.

Disclosure of Stompanato's letter followed publication of a series of passionate letters written by Miss Turner to him while she was in London.

LEFT IN APARTMENT

The Examiner, which published the Stompanato letter, said it had been left in his apartment. It read:

"My dearest Lana: I am so filled with love for you at this moment, I wish I could write it in a hundred languages."

"You know, baby, I'm so lonely for the touch of you, I could die. I try to think of you when you were here and those precious minutes I wasted when my lips were not on yours."

"I can tell you right now if I ever get you in my arms again I will take more than that team of wild horses to break it up!"

GAMBLER'S BODYGUARD

Gambler Mickey Cohen, who once employed Stompanato as a bodyguard, said in an interview that he made Lana's love letters available to the Herald-Express.

SAUMUR, France (Reuters)—Louis Lehoue had a quarrel with his wife, marched out and banged the door so hard the house fell down. Firemen helped Lehoue rescue his wife from the rubble.

PEACE MARCHERS ARRIVE IN NEW YORK

Here are five of the "marchers" who arrived at the world travel exchange headquarters in New York to gather for the "walk of peace." From left are: Robert Dens, a Harvard student from Canton, N.C.; Amy Kuntz, of New York City;

Jean Spieser, of Elkins Park, Penna.; Stella D. Jacob, Cold Spring Harbor, N.Y.; and Barry Sheppard of Boston University. The walkers paraded in front of the United Nations urging a stop to nuclear weapons tests.

Here are five of the "marchers" who arrived at the world travel exchange headquarters in New York to gather for the "walk of peace." From left are: Robert Dens, a Harvard student from Canton, N.C.; Amy Kuntz, of New York City;

Jean Spieser, of Elkins Park, Penna.; Stella D. Jacob, Cold Spring Harbor, N.Y.; and Barry Sheppard of Boston University. The walkers paraded in front of the United Nations urging a stop to nuclear weapons tests.

Two Children Die In Refrigerator

MONTREAL (CP) — An empty refrigerator in a basement store-room filled with toys Wednesday took the lives of two adventurous little playmates.

Ricky Aspinall and Ted Glawdeck, both three, died in a neighbor's basement while searchers spread out from their homes, combing every hole and gully in the suburban city of Lachine.

Artificial respiration was of no avail when they were found by a neighbor, 10 hours after they wandered away from the yard where their mothers, next-door neighbors, had watched them at play.

They were pronounced dead at St. Joseph's Hospital in Lachine. Ricky's mother, Mrs. Daniel Aspinall, said they had never wandered away before.

WANDER DOWN STAIRS

Neighbors said they thought the boys had ventured into the open door of a duplex building about 100 yards from their home, and down the common stairway to the basement.

The basement was divided into two large lockers, one for each family in the house. In Eric West's locker Ricky and Teddy found a lot of toys, and a small little refrigerator used as a spare by the two families.

The refrigerator was empty and the racks had been removed, but it was plugged in and the light went on when the door opened. The toys squeezed in—the door closed and the lights went off.

Nobody heard their muffled outcries.

As the search dragged on, Henri Renou, son of the owner of most of the houses in the development where the boys lived, remembered that a little girl had been trapped in a basement refrigerator several years earlier, but was rescued in time.

He began checking basements about 7 p.m. The second refrigerator he opened was in Eric West's locker, and the small bodies fell out.

TODAY'S BULLETINS

Jet Bomber Explodes in Mid-Air

NORTH COLLINS, N.Y. — AP — A U.S. B-47 jet bomber exploded today over this western New York area and crashed in flames into a field. The big craft was based at Lockbourne air force base at Columbus, Ohio. It carried a crew of four. All were presumed dead.

Another Woman Molested at Coast

VANCOUVER — CP — Another woman was molested in the city's east end Wednesday night, police said today. It was the second such attack following the murder of Mrs. Evelyn Mary Roche, 39, a week ago. Police said last night's attacker leaped from a garage doorway, grabbed the woman and kissed her. She scratched his face and struggled from his grasp.

Britain Plans H-Bomb Explosion

LONDON — AP — The London Star says the final explosion in Britain's current series of H-bomb tests will take place within 30 days on Christmas Island in the Pacific. There have been unconfirmed reports that the final test will be of a hydrogen bomb warhead on a rocket that can be fired 2,000 miles.

Prepares for Election Gains

LONDON (Reuters) — The Labor party expects to reap big gains from the Conservative government's current unpopularity with voters in month-long municipal elections starting today.

The local government contests, involving a turnover of more than 25,000 seats in village, town, city and county councils throughout Britain, started with the polling at 20 of the 62 county councils of England and Wales. First results will not be announced until Friday.

Climax of the county contests is next Wednesday, when the giant London County Council and its big neighbor, the Middlesex County Council, will be elected. Labor has a majority on the London body, but the party is outnumbered in Middlesex.

SKAHA ATTRACTS YOUNG ANGLERS

Fishing is good these sunny days for anglers trying their luck on Skaha lake at the mouth of the Okanagan river. Three young visitors from Vancouver Island — Larry Amos, 13, his brother Dennis, 8, and Ken Kay, 14 — turn from their sport to watch a catch made from the bridge at the highway. Minutes later their interest shifted again as one of the three, Ken Kay, landed a whitefish.

HINGES ON SALARY SETTLEMENTS

Teachers Threaten Resignations, Strikes

VANCOUVER — CP — More than 2,000 teachers in 25 B.C. school districts will consider mass resignation or strikes if they have no prospects of salary settlement by May 31, it was learned Wednesday night.

The B.C. Teachers' Federation, meanwhile, will continue to black-list the districts by urging members not to seek jobs in the areas.

This decision was reached at a closed session of the federation's annual convention here.

Officials of the federation said in an interview Wednesday night that delegates were "suspicious" of delays in reopening negotiations in the districts following a plan proposed two weeks ago by Education Minister Peterson.

The plan, approved by the federation and the B.C. School Trustees' Association, called for opening of salary talks "forthwith" and set a deadline of June 30 for settlement.

Stan Evans, assistant secretary of the federation, said "Since then we have approached several of the districts to reopen negotiations without getting a definite commitment. We understand the trustees are urging deferment of talks until after a meeting of the 25 districts in Kelowna April 12.

The federation, Mr. Evans said, was obliged to set its policy in the event of that no settlement could be reached.

A motion passed at the closed session said "Where it becomes obvious that no agreement can be reached through conciliation, the local association would be justified in adopting such actions as mass resignation or strike measures and in the process can count on BCTF support."

The May 31 deadline was fixed because teachers must submit notice by that time if their resignations are to be effective June 30.

Districts which have not reached settlements with the teachers include Okanagan Border, Penticton, Keremeos, Princeton, Revelstoke, Armstrong, Vernon, Kelowna, Kamloops, Barriere, Summerland and Enderby.

## Progress on Sewage Scheme

After three years of negotiation and frustration Penticton's long over-due sewage disposal expansion took a long stride towards becoming reality Monday night. City council is to be complimented on the speed and efficiency of its decision following the complete breakdown of lagoon plans.

We sincerely hope, and believe, that from here on progress will be unimpeded. The city could have no finer mark of progress in this centennial year than the accomplishment of so long and obvious a need.

Naturally these things cannot be brought into being overnight.

The next stage in the proceedings will be a decision on the areas to be served by sewage-line extensions, followed by the headache of establishing costs and the presentation of a by-law for the approval of the people.

With this latter we see no difficulty at all. It has been known for communities to reject money by-laws for sewage needs, but we are quite confident that such will not be the case here.

Before the city can progress beyond its present point proper sewage disposal is a must. This, we are sure, will be readily acknowledged by the people when the proper time arrives.

## Teen Town—an Example for Us All

In welcoming delegates to the Teen Town conference being held in Penticton this week we take special pride. Not only because Penticton was the birthplace of this fine organization 13 years ago, but because the conference once more demonstrates that there are a goodly number of teenagers in B.C. with higher ideals than vandalism, tight drape-pants and records of delinquency.

To the organizers of the conference go words of high praise indeed. It has been no simple task to find accommodation for these youngsters from all over British Columbia.

City merchants should mark our visitors well and remember that our reputation as a city is at stake during the three days of the conference. Not that we dream for one minute that merchants would ever think otherwise, but we all incline, at times, to inferior

treatment for the teens.

After the Friday night banquet and dance these many young people will return to their home towns with opinions, good or bad, of Penticton. As a tourist town it is important that they take home with them only the finest impressions of our hospitality. These are the people who, in but a few years time, will be seeking a place to bring their young families for a vacation. We want them back here at that time with warm memories of their stay during the Teen Town conference.

And it will not do adults any harm to watch the behaviour of this so often maligned section of society during their sojourn with us. We can learn many things from their conduct and their bearing. Things we all too readily forget when we leave the world of youth and become "grown up".

## The Memory of Vimy Ridge

It isn't easy, in this blithe Okanagan weather, to recall the mud and rain and turmoil of bygone battles—but it has been done this week.

On Monday night veterans of Vimy Ridge, magic name engraved for ever in the pages of history, met to recall their feelings during those days of death and victory.

On Wednesday Lt. Col. D. F. B. Kinloch, liaison officer for the 24th Militia Group, talked to the Penticton Rotary Club about his experiences "with some of the finest fighting men any peace loving nation ever produced."

During his talk Lt. Col. Kinloch quoted freely from the war diary of the late Lt. Col. G. Chalmers Johnston. It was while quoting from this factual record of events at Vimy that the banquet room at the Prince Charles faded from the mind and visions of men at war came crowding back.

A black night, rain mixed with snow and a high wind blowing. Thousands of men massed to attack an enemy stronghold in one of the last great battles of static war.

The great quietness over the entire front minutes before the hundreds of

guns tore through the darkness to shatter the lives of so many, and the shells of the foe replied.

Lt. Col. Johnston said the silence impressed him tremendously. "Nothing could be heard but the sound of the wind and the rain." A time for the fighting man to make his peace.

Less than a day later Vimy Ridge was in Canadian hands and an era had passed. Never again were fighting men to be the only ones drawn together in the comradeship brought on by the closeness of death. From that point forward the battlefields of the world were to fan out and engulf, not just soldiers, but every man, woman, and child alive.

The death and destruction of Vimy and the Somme, and the many other battles of that first World War, should have taught mankind a lesson. But we are hard people to teach.

And now, for the most part, not only is Vimy forgotten, but so are the terrible times of the second great conflict.

"We hope that we are never called on again," said Lt. Col. Kinloch. We echo this hope, but with little optimism.

## PICK THE LOSER!

## Visitors Quick to Sense Tempo

by FORBES RHUDE

Canadian Press Business Editor

Some communities seem to care about themselves and some don't.

The prevailing attitude either way is quickly sensed by a visitor—whether he is a tourist deciding where he may stay another day or so, or an industrialist casting about for a site for a new plant.

Many factors may determine which category a community belongs to, but one factor is vir-

tually always present in the community which cares about itself and is virtually always absent from the community which doesn't.

That factor is a live chamber of commerce or board of trade—names which mean the same thing in Canada.

Next week in nearly 800 communities across Canada, these organizations, which day by day and year by year call attention to their localities, will call attention to themselves. They will join in observing Chamber of Commerce Week.

## TELL OWN STORY

A new release, issued on their behalf, comments:

"It is surprising that so few people know the true role of the board of trade or chamber of commerce."

"It has been described as a booster organization; it has been called a tourist-attracting body; it is sometimes known as a business men's association. It is, of course, all of these things, but it is a good deal more."

"It is a voluntary organization of forward-looking citizens of a community banded together to promote the civic, commercial, industrial and agricultural progress of the community and the district in which it operates."

"But a real, live, vital board or chamber is also the conscience and will of the community—the conscience to see its needs and the will to do something about it."

## FEATURES PLANNED

Many features are planned across the country to mark Chamber of Commerce Week. These will include such things as membership drives; joint meetings with neighboring chambers including, in some instances, United States chambers near the border; announcements of new projects; proclamations by mayors and reeves; and oratorical and essay contests by high-school students.

Reports from various chambers and boards show a long list of community developments brought about either through chamber activity or assisted into being by strong chamber support.

Activities cover a wide range. The Victoria chamber, for instance, reports:

"A fall gift shopping week, conducted by the Victoria chamber, lured more than 750 shoppers from Seattle. This project was designed to lengthen the tourist season. Results were so satisfactory that a similar event is planned for this year. During the summer, more than 30,000 'thank you' cards were distributed to departing visitors urging them to return."

## WRAP APPLIES

In Middleton, N.S., local board members wrap apples in special boxes and, immediately before Christmas, give them to people passing through.

Bonards and chambers, in addition to operating at the local level, join in provincial chambers and, overall, operate at a national level through the Canadian Chamber of Commerce.

The chamber movement may be said to have started in Canada in 1750 when merchants of Halifax formed "an association for the benefit of trade." Early in the 19th century members of that association conferred with business men in Saint John, N.B., Quebec and Montreal on the formation of boards of trade in those cities. From there the movement in Canada has spread to the present nearly 800 communities.

## DIVERSION

A shopkeeper from Brunck, in Austria, was driving towards Slazburg when he caught up with a travelling circus. As he slowed down to pass, he felt the car roof caving in on top of him. What had actually happened was that the circus' star turn, an elephant, had suddenly decided to try and climb on board. There was a moment of pandemonium; the animal was eventually coaxed down, and by then the circus manager had arrived, full of profuse apologies, to give the probable reason for this extraordinary behaviour. It seems that for some years, this particular elephant had been accustomed to climbing on to a green-painted tub as part of its act. The car was painted a similar shade of green, and the elephant had just got confused.

## Rootstock Tests Prove Satisfactory

OTTAWA — Tests at the Summerland Experimental Farm have shown that apricot and peach seedlings are satisfactory rootstocks for the commercial varieties Blenheim, Perfection, Tilton, and Wenatchee. However, Reliable must be worked on, apricot seedlings, the clonal plum stocks, Brompton, Marianna 2624, Myroblan 28C, and St. Julien A are unsatisfactory rootstocks for commercial apricot plantings in British Columbia.

A compatible union between rootstock and scion is one which produces a strong normal union. However, some overgrowth of stock or scion may occur without weakening the union. On the other hand, an incompatible union is one which may cause abnormal swelling of the stock or scion or both, stoppage of the sap at the bud-union, or may be easily broken at the bud-union.

The only rootstock that was completely free from incompatibility as expressed by breakage at the bud union in these tests was apricot seedling. The stock produced good vigorous trees and

had very strong, even bud unions. All varieties did equally well on this rootstock.

The peach seedling rootstock showed a fairly strong tendency to overgrow the scion variety but produced a strong, compatible union with the commercial varieties, Blenheim, Perfection, Tilton, and Wenatchee. However, in combination with Reliable, many trees were lost due to breakage at the bud-union. This tendency seemed to decrease as the trees grew older, and was not pronounced in the first few years from planting. The peach seedling stock produced good, vigorous trees with a somewhat larger root system than those on apricot seedling.

The four clonal plum stocks tested were unsatisfactory for apricot. In combination with Reliable all four stocks suffered tree losses from breakage at the bud-union. With the four commercial apricot varieties, the variation in vigour of trees, size of root system and uniformity of the bud-union was too great for them to be considered as rootstocks for commercial apricot plantings.

## Major Victories To Health Units

Editor's note: The World Health Organization is among the lesser known organs of the United Nations. But in the 10 years since its founding, it has scored some major victories on a non-political battleground.

By FRANK CAREY

WASHINGTON (AP)—A sanitation engineer for the World Health Organization was recently severely injured in the jungle by a leopard before killing it with pistol shots.

The leopard episode was just a melodramatic interlude in the steady warfare against malaria in the tiny Asian kingdom of Nepal, between India and Red China.

W.H.O. celebrates its 10th anniversary today as an 88-nation organization. It is headed by Dr. M. S. Candon of Brazil. Dr. Brook Chisholm of Canada is a former director-general.

The mission of W.H.O. — an agency of the United Nations — is to co-ordinate international health work and to assist governments in strengthening their health services.

The organization works to prevent infectious diseases, to train health workers, improve sanitary conditions in more than 100 countries, warn of outbreaks of epidemic disease anywhere in the world and recommend interna-

tional standards for drugs and vaccines.

W.H.O. officials cite these examples of world health progress in which their organization played a significant part.

1. A phenomenal decline in mortality throughout the world, attributable mainly to advances in sanitation and disease control. In some countries undergoing rapid development, "life expectancy at birth has increased up to 11 years for girls and 10 years for boys."

2. There has been a decline in potential diseases such as cholera, typhus, smallpox, plague, relapsing fever and yellow fever. In fact, cholera now is a problem only in India and Pakistan. Disappearing from Europe and North America—and declining in other countries—is epidemic typhus.

3. Whereas malaria, up to 1948, attacked 300,000,000 people throughout much of the world each year, killing 3,000,000, these totals have been cut by 30 per cent in 10 years of anti-malaria campaigns.

The disease, however, still presents a huge international problem.

4. Among other strides: Tuberculosis is killing relatively fewer people each year, but still remains the greatest killer of all infectious and parasitic diseases.

## OTTAWA REPORT

## A Holiday, But No Rest Cure

By PATRICK NICHOLSON  
Special Correspondent to the Herald

OTTAWA—Prime Minister John Diefenbaker and Transport Minister George Hees, accompanied by Mrs. Diefenbaker and Mrs. Hees, planned a post-election rest in Bermuda over the Easter weekend.

It is a safe bet that the two hardest working campaigners in the election did not just relax their bodies and their minds on the soft warm sands at the Mid-Ocean Club. Their thoughts and their discussions no doubt ranged extensively over the tasks which lie ahead of their newly-strengthened government.

One of the most urgent tasks is to implement the just claims of the Province of Quebec to greater representation in the Cabinet, and to recognize the wishes of certain older Ministers who now deserve a less arduous life.

This will call for quite substantial changes within the Cabinet, and within the second tier of the Ministry consisting of Parliamentary Assistants to Cabinet Ministers. Such changes will probably be made in several steps, which is the pattern set and evidently preferred by the Prime Minister.

Public Works Minister Howard Green and Defence Minister George Pearkes, both of B.C., and Veterans Minister Alf Brooks of New Brunswick, are all likely to be appointed to the Senate soon. Hon. Jim Macdonnell of Ontario and Hon. W. J. "Father" Browne of Newfoundland, both now honorary unpaid Ministers without Departmental portfolio, are also likely to go to the Senate.

## CABINET VACANCIES NOW

There are three vacancies now among normal Cabinet posts. "Immigration" and "Defence Production" are held as extra portfolios on an acting basis by Justice Minister Fulton and Works Minister Green respectively, while the portfolio of Associate Minister of National Defence is unfilled.

Thus there may be six departmental Cabinet vacancies, and the reconstruction of the Cabinet will of course also entail some shifts among continuing Ministers.

The next Cabinet minister from Ontario will almost certainly be David Walker, of Toronto-Rosedale, Parliamentary Assistant to Justice Minister Fulton. Mr.

Walker was the outstanding Conservative back-bencher of the last Parliament, remembered especially for his full and lucid exposition of the suggested Bill of Rights, so often advocated by Mr. Diefenbaker in years past.

## DOUBLE QUEBEC GROUP

The three Ministers from Quebec are likely to be doubled. New appointments would be selected from Raymond O'Hurley, now a Parliamentary Assistant and French Canadian, who represented Gaspé in the past Parliament, and newcomers Noel Dorion (Bellevue), Yvonne Tasse (Quebec East), J. Flynn (Quebec South), C. E. Campeau (Montreal—St. James) and E. Morissette (Rimouski). Others among these will be appointed Parliamentary Assistants, for whom there are now two vacancies while others will be opened up through promotions to the Cabinet. Among other portfolios given to Quebec in the Cabinet reshuffle, it is probable that Quebec M.P.s will get Justice, Public Works and Associate National Defence.

The New Brunswick representative in the Cabinet, succeeding Colonel Alf Brooks, will almost certainly be Tom Bell (Saint John), a former president of the Y.P.C.s and now Parliamentary Assistant to Trade Minister Churchill.

It is customary for a new Speaker to be selected in both Senate and House of Commons at the beginning of each new Parliament. But as the past Parliament sat for three months instead of the more usual four years, there would perhaps be advantage and justification in retaining the Speakers through the normal life of the new Parliament.

If this is not done, the Prime Minister is likely to offer Senator Mark Drouin, the outgoing Senate Speaker, a place in his Cabinet as Senate Leader, succeeding the 80 year old Senator John Haig, of Winnipeg. Commons Speaker Roly Michener certainly rates political advancement, a fact which serves to emphasise the embarrassment of talent from Toronto now hammering at opportunity's door.

A surprise appointment to the ranks of Parliamentary Assistants in the new Parliament may be Vancouver's Douglas Jung, the 34 year old rookie of Chinese extraction, who was recently elected president of the Young Progressive Conservatives Association.

## Use of Contact Lenses Constantly Increasing

By Herman N. Bundesen, M.D.

Contact lenses, which have become very popular in recent years, sometimes can do more than merely enhance a person's appearance. In some instances, contacts are especially helpful in correcting visual troubles.

Recently it was discovered that some cases of progressive myopia can be arrested by wearing contact lenses. Progressive myopia is a form of nearsightedness which becomes worse from year to year.

## RESULTS OF STUDY

A two-year study of 1,400 persons who had steadily increasing myopia showed that none of the cases became worse after the patients were fitted with contact lenses, a type of contact. Moreover, some actually showed signs of slight improvement.

Similar results have been reported in surveys conducted in Europe.

## NOT VERY NEW

Contact lenses are not new, but they have become popular only in the last few years. As a matter of fact, the idea of contacts was originated by Leonardo da Vinci, according to authorities on glasses and visual troubles. That was way back in 1508.

But da Vinci's idea never got very far and the first contact lenses were not produced and used until 1887.

Of course, many improvements have been made since then. And now some 3,000,000 Americans are wearing contacts. This number is a tremendous increase over the 200,000 who were wearing them just eight years ago in 1950.

## GREATEST INCREASE

The greatest increase has oc-

curred during the last couple of years. In 1956 alone, the number of persons wearing contact lenses increased 25 per cent.

As might be suspected, women wear about 67 per cent of the contacts. And 60 per cent of these women are between the ages of 15 and 25. Seems as though many girls don't want to wear regular spectacles when they are in the market for a husband. I guess it has something to do with the theory that "Men never make passes at girls who wear glasses" — which, of course, is a lot of nonsense.

## MANY REASONS

Different individuals have different reasons for preferring contact lenses. For some, it's simply a matter of appearance. Others who are active in industrial work or in the sports field, appreciate the protection and convenience of contacts.

If you are interested in contact lenses, check with an eye specialist to determine whether they will benefit you before ordering them.

## QUESTION AND ANSWER

J.A.B.: Is it possible to cure hemorrhoids without surgery?

Answer: In certain cases of hemorrhoids, it is possible to get good results by the injection method of treatment.

## THE BACKWARD GLANCE

From the Files of Penticton Herald

### 50 YEARS AGO

The sidewalk has been completed between the bridge on Smith Street and the wharf. This walk has been built by public contribution, and is a decided improvement to a section of street that has been difficult to pass over on foot during wet weather.

The meeting of the Conservative Association called on Thursday evening to appoint delegates to attend the convention in Vernon was adjourned for a week.

Thursday the 9th inst., for a larger attendance.

### 40 YEARS AGO

Mr. R. C. Treherne, of the Dominion Entomological Service, was in town Sunday last going over the orchards of Penticton and Kaledon with a view toward estimating the correct time to spray for peach worms. Last Monday night in Steward's Hall Mr. and Mrs. Art Thompson were the guests at a farewell dance given in their honor by Mrs. Steward. Mrs. Waggoner, received word last week that her brother, Sapper A. Morris, who is with the Australian Engineers, had been gassed at Passchendaele, and is now in hospital in England.

### 30 YEARS AGO

The project for the new building for the Canadian Legion on Main Street south is now well underway and it seems likely that the structure will be in readiness for use this summer. The gold medal for high school essays from district No. 8 was won by Miss Grace McDowell of Penticton. Miss Helen Reeves of Penticton received special mention. The Penticton high school soccer team scored a narrow victory over the junior high squad on Friday last by a 2-1 score.

### VIMY RIDGE ACTION RECALLED

Rotarian George Carter scans the pages of history with Lt. Col. D. F. B. Kinloch after yesterday's Rotary luncheon. Lt. Col. Kinloch was guest speaker at the meeting presenting a brief outline of the experiences of Okanagan soldiers during the attack on Vimy Ridge on April 9, 1917. He quoted freely from the war diary

of the late Lt. Col. C. Chalmers Johnston, a vivid picture of Canadians in battle on that fateful morning. The vote of thanks to the speaker came from Vimy Ridge veteran A. F. Cumming who commented briefly on his own experiences during the battle.

## \$10,000 Settlement For Decaying Mains

OSOYOOS — The village commission here has agreed to accept an offer of \$10,000 in settlement of the village's claim for redress for rotting water pipes in the village. The pipe company has offered a cash settlement rather than replacement of pipe due to several factors being involved. Primarily, the company does not recommend underground installation of woodstave pipe in the type of subsoil found in the Osoyoos area.

The village feels the cash settlement is satisfactory as it can obtain Transite pipe more cheaply in the sizes smaller than ten inch water main. The village has been using Transite to replace the water mains as it is rot proof. 1,600 FEET IN Village work crews have replaced 1,600 feet of eight-inch main, mostly on First Avenue but they have been unable to tie the line in as there has been a delay in receiving the necessary fittings.

Foreman M. Jensen was called from the meeting and had to summon the water department crew about a major leak in a section of line on First Avenue near Main Street. The water supply was shut off for several hours to effect repairs. Don Saunders appeared before council on behalf of the Osoyoos Centennial committee, informing council of the progress that the committee was making at the park and also requesting information as to the village's plans for Main Street decoration. He was told that the village hopes to string centennial pennants from colored lights. The village will also erect a flag pole at Main Street and First Avenue to fly the centennial standard.

The village is having 46 cement flower boxes made up and will erect them on the four foot strip between the sidewalk and curb. FUNDS FOR FLOAT The Osoyoos Cherry Carnival committee asked that village

## 27,125 BALLOTS CAST IN OKANAGAN-BOUNDARY VOTE

KELOWNA — Official ballot totals for Okanagan-Boundary in the March 31 federal election were released here yesterday by D. M. McLeod, returning officer.

The final figures, including the armed services vote which totalled 338, are:

D. V. Pugh (PC) 13,065; O. L. Jones (CCF) 7,281; Henry Carson (SC) 3,470; and W. A. Gilmour (L) 2,655. There were 114 rejected ballots for a total vote cast of 27,125.

There were 33,281 eligible to vote in Okanagan-Boundary but it is not known how many members of the armed forces, currently serving outside the riding, were eligible.

In the June 10, 1957 election, there were 113 rejected ballots with a total of 24,623 votes cast out of 32,094 eligible.

## City Resident Hurt As Car Overtakes

A 23-year-old city man was injured when a 1954 model Ford he was driving overturned at the

Hospital Hill-Johnson Road intersection Wednesday afternoon.

### Naramata School Student Dies in Penticton Hospital

Funeral services are being held in Busby, Alberta, for a student at the Naramata Christian Leadership Training School, Miss Florence Amy May Elliott, who died in Penticton General Hospital April 7 after a short illness. She was 27 years of age.

Miss Elliott was a bank teller in Vancouver for five years before coming to Naramata. Her father is magistrate in Busby. She is survived by her parents, Mr. and Mrs. Orlando W. Elliott of Busby; a sister, Shirley Ellen Elliott of Montreal; two brothers, William John of Brownvale, Alta., and Robert Charles of Beaver Lodge, Alta.; and one grandparent.

Remains were forwarded to Busby by Penticton Funeral Chapel.

## False Pretence Charged in Auto Purchase

Penticton magistrate H. J. Jennings has issued a warrant for the arrest in Edmonton of a Toronto man on a false pretences charge.

A member of the local RCMP detachment left for Edmonton today to escort Jerome Ronald Lawson here to face the charge. Police state Lawson is accused of obtaining a 1958 Chevrolet automobile, valued at \$3,988, from Grove Motors in Penticton, by false pretences.

## Summerland to Set Minimum Space For Pickers' Cabins

SUMMERLAND — Summerland's building bylaw will be amended requiring pickers' cabins to contain 120 square feet of floor space.

Garages for habitation must have 300 square feet and permits for them must be renewed every six months.

The minimum size for any permanent dwelling is to be set at 400 square feet.

The bylaw was activated at yesterday afternoon's council meeting.

## 12-Year Resident Of Osoyoos Dies

OLIVER — A resident of Osoyoos for the last 12 years, Elizabeth Chernoff, beloved wife of Alec Chernoff, died April 5.

Funeral services were held from Osoyoos United Church April 8, with Rev. S. Pike officiating.

Mrs. Chernoff was born in Russia 67 years ago and emigrated while still a child.

Surviving are her husband; two sons, Harold of Cranbrook and Joseph of New Westminster; one daughter, Mrs. R. A. Baillie of Osoyoos; one brother and eight grandchildren.

## Large Subdivisions In Summ'land Area

SUMMERLAND — Subdivisions continue to take a great deal of time at every council meeting and problems of getting water and light to them are major items on the agenda.

Mrs. R. H. Koenen appeared at Tuesday's council meeting representing McAndless Agency, Penticton, on behalf of Mr. and Mrs. J. W. Packard who may purchase a large piece of land on the Sand Hill from George Dunn. If they buy the plan is to build probably 20 homes over a period of years.

It is reported that the large Solly property on the Sand Hill may be subdivided and would have probably 60 lots. According to unofficial reports this would be laid out into crescents with good subdivision planning to make desirable view lots.

Other big tracts being subdivided are those of R. H. and W. T. Bleasdale in Parkdale containing 62 lots, half of which are already sold, and that of W. S. Ritchie between Quinpo Street and Victoria Road.

Reeve F. E. Atkinson has asked the McAndless firm for a master plan covering the whole subdivision and this will be sought from others also. Then a few lots a year may be developed in compliance with the plan.

K. M. Blagborne, superintendent of works reported that domestic water is no problem in the area if the irrigation pressure system is used for gardens, lawns and all outside water needs.

Councillor W. B. Powell thought there should be a plan to change the whole water service to the area. Possibility of putting domestic water on meters to discourage use except for household purposes, was discussed.

Mr. Blagborne pointed out that Summerland has the best water supply in the Okanagan, but distribution is always a problem.

Further study will be given the situation considering other subdivisions that may be made in the area.

## Record Growth of Teen Town Movement in '57

Growth and development of the Teen Town movement in British Columbia broke all records in the past year according to Ron Nordin, of Aldergrove, chairman of the provincial council.

Welcoming delegates attending the thirteenth annual provincial Teen Town conference in Penticton Mr. Nordin said it was the biggest conference ever held by the association.

He gave a special welcome to delegates from new teen organizations in various parts of the province and congratulated Penticton Teen Town on the arrangements made for hosting the conference.

Mr. Nordin also expressed appreciation to the adult advisers who, he said, "have stood solidly behind our desires to operate a completely independent teenage organization by and for teenagers."

### BEGAN IN PENTICTON

A welcome to Penticton, where B.C.'s first Teen Town organization was formed in 1946, was extended by Mayor Wendy Grove. "I hope that everyone derives the fullest benefit from the program we have arranged for you," she said.

Provincial councillor P. ("Flip") Ashton also congratulated Mayor Wendy Grove and her Penticton committee for "meeting the challenge of the largest conference ever."

200 DELEGATES Two hundred delegates from

Teen Towns in 24 B.C. communities registered for the three-day conference Wednesday.

Conference sessions today were conducted by provincial chairman Ron Nordin and provincial vice-chairman Dennis Brownning, of Burnaby, on the theme "What makes your Teen Town go?"

A basketball match between "Mayor All-Stars" and a Penticton team was planned for this afternoon followed by a party in the evening.

## CITY & DISTRICT

Thursday, April 10, 1958 THE PENTICTON HERALD 3

## Indiscriminate Trash Dumping

SUMMERLAND — Indiscriminate dumping of cans, cartons, prunings and other rubbish throughout the municipality came under fire at the municipal council meeting here.

While it is believed most residents dispose of their litter in the municipal garbage dump at the northwest end of Prairie Valley, it was reported that in several other places the handiest way out is taken and litter is thrown over a hill or into a nearby gully where it soon becomes an unsightly mess.

An appeal from the corporation in the form of a letter from the reeve will be sent to certain offenders asking for co-operation in keeping Summerland clean and tidy. Also an advertisement appealing to civic pride will ask for everyone to take an interest in orderly disposal of trash.

The board of trade is leading in a clean-up, paint-up campaign during the Centennial year and the municipality will enlist help from this organization in the matter.

## Hospital Asks Municipal Aid

SUMMERLAND — L. W. Rumball, chairman of the Summerland Hospital Board, asked for help at this week's council meeting for necessary capital expenditures at the hospital.

Installation of natural gas in the immediate future is to cost about \$3,000, and another \$1,000 is required for flooring, painting, new cupboards and other things. No provincial help is given to hospitals for small maintenance items, it was said. A boost in the local water rates and other unforeseen payments were not budgeted through Victoria leaving a \$500 deficit.

The council helped finances at the hospital through a five-year plan during the last few years. Mr. Rumball was told that consideration will be given to his request.

## PROMENADE

The Masonic Hall in Penticton was the scene of a most enjoyable square dance party last Saturday, April 5. Eight squares of dancers, including guests from Winfield, Kelowna, Westbank, Peachland, Summerland, Oliver and Okanagan, Wash., danced to the music of the Peach City Playboys.

Next Saturday, April 12, John and Anne Winton, well known callers and teachers from Vancouver, will be here to emcee a dance in the Kaleden hall. Many Penticton dancers went to the Winton's party in Oliver last year and on Easter Monday and will surely want to hear them again. Please bring a sack lunch, and it will be served pot-luck style, coffee will be provided.

Peach City Promenaders are urged to attend the annual general meeting and election of officers in the Glangarry room of the Prince Charles Hotel April 17, at 8 p.m.

## Driver Parks On Front Lawn Fined \$150

A Shoreacres, B.C., motorist who had been drinking, parked his car on the front lawn of a city home, it was stated in police court Wednesday.

William John Olychuk was fined \$150 and \$4.50 costs after pleading guilty to being in charge of a car while impaired by alcohol.

Court was told that after leaving the car on the lawn at the home of J. T. Langridge, 1051 Fairview Road, Olychuk admitted to police he had driven it there.

## New Fire Truck

SUMMERLAND — A new truck for the Volunteer Fire Department, has been included in the fire estimates. Councillor F. M. Stewart told this week's council meeting.

A meeting with the fire department and the council is planned to discuss the entire budget.

### WORDS OF THE WISE

Good breeding consists in concealing how much we think of ourselves and how little we think of the other person.

—Mark Twain

## OLIVER TEACHERS PREPARE FOR BEARD TOURNEY

Men on the teaching staff of Southern Okanagan Junior-Senior High School at Oliver are shown here with the beards they are growing in preparation for Oliver's April Fool's Funfair. They challenge all comers in the contest "From Fur Trade to Just Fur". Left to

right are, standing, T. Savell, physical education; E. Bowering, science; D. Wood, counsellor. Seated, D. McInnis, social studies; D. Irving, English; E. Clark, industrial arts; R. Fleming, mathematics; J. Jones, English.

## Lovely Floral Setting For Easter Nuptials

Easter lilies and golden yellow Forsythia lined the altar in the Penticon United Church for the impressive ceremony Saturday evening uniting in marriage Donna Elaine Lovell and Richard Raymond Scherer of Vancouver. Principals are the eldest daughter of Mr. and Mrs. H. C. Lovell of this city and the youngest son of Mr. and Mrs. John Scherer, Vancouver.

Rev. Ernest Rands officiated when the lovely young bride was given in marriage by her father. Chiffon and net were styled into her bouffant waltz length gown designed with floating back panels extending from a deep front yoke fashioned of pleated chiffon. She carried red roses in her pretty bouquet and wore a coronet of seed pearls.

Miss Linda Lovell, as her sister's only attendant, was charming in a softly colored pink nylon net-over-taffeta frock embroidered with tiny white posies. The

ballerina length skirt was very full and she wore a wide pink satin sash to complement her attire. Her hair circlet matched her pink and white carnation nosegay.

Mrs. Monica Craig Fisher was wedding organist and Frank Wilby of Trail ushered.

The bride's uncle, Donald Steenson of Vancouver, who was best man, proposed the toast to her at the reception which followed at the home of her parents. Miss Carol Venier and Miss Elva Wilby assisted in serving during the refreshment hour.

The bride donned a royal blue suit with matching accessories when the young couple left on a short honeymoon trip prior to taking up residence at Vancouver.

Among out of town guests were Mr. and Mrs. Donald Steenson, Mr. and Mrs. Mel Shantz, all of Vancouver; Mr. and Mrs. Frank Wilby, Trail, and Mr. and Mrs. Gordon Wyatt of Peachland.

## AROUND TOWN

### "Birthday Tea" Is Planned for May 17

Plans concerning the annual "Birthday Tea" were of major interest to members of St. Andrew's Presbyterian Church Ladies' Aid at their monthly meeting held at the home of Mrs. Fred Bedford, Chateau Apartments.

The popular spring social event, which has been arranged for May 17 in the church hall, will feature decorations and other attractions appropriate to B.C.'s Centennial year celebrations. Several new ideas were presented for the tea and president Mrs. Archie Fead made arrangements to include them with the original plans made early in the new year.

Prior to the afternoon's business, a devotional service was

conducted by Mrs. Fead.

Mrs. Frank Hayhurst invited the members to her home, 401 Ellis Street, for their next meeting on May 1.

Mrs. B. J. Moyle and Mrs. William McDiarmid of Vancouver were among the many Eastern Star members in Penticon for the installation of Edina Chapter's new officers at ceremonies last evening in the Masonic Temple.

Miss Agnes Dobie, a member of the teaching staff at the elementary school at Field, is spending the Easter vacation in Penticon visiting her brother-in-law and sister, Mr. and Mrs. Roy Hay, Revelstoke Avenue.

Mr. and Mrs. Norman McMillan and daughter Karen are here from Minnedosa, Manitoba, to visit Mrs. McMillan's sister, Mrs. F. G. Abbott, and Mr. Abbott.

Mr. and Mrs. J. W. Watson and Mrs. Fred Manery spent the Easter weekend holiday visiting in Vancouver.

Alderman Elsie MacCleave left yesterday for Vancouver where she plans to make a short visit.

Miss Rosemary Bartlett is here from Brackley, Northamptonshire, England, to spend a week visiting her cousins, Mrs. Harold Cumming and L. R. Bartlett, and their families. The young visitor, who is one of a youth group sent from England to the United States to obtain practical experience in mixed farming, is stationed at Sterling, Colorado. She arrived in America during February and will spend ten months securing data and experience in preparation for an extensive lecture tour in the States and in England when she returns home.

## NARAMATA NEWS

Percy Tinker was here from Vancouver to spend the Easter weekend holiday visiting his mother Mrs. G. P. Tinker.

Dr. and Mrs. R. A. McLaren and two children of Vancouver visited during the weekend with Mr. and Mrs. Nelson Hewitt. The coast visitors, who have lakeshore property adjoining Manitou Park, are planning to build a home there.

Miss Jean Stiffe, a student at UBC, spent the Easter weekend visiting her mother, Mrs. Janet Stiffe. She travelled to the Okanagan Valley with Fred Molyneux, also from the university, who spent the weekend visiting his brother, Bill Molyneux.

Mr. and Mrs. Don Smith of Nakusp visited briefly in Naramata last week with Mr. and Mrs. W. H. Whimster.

**KEREMEOS NEWS**  
Mr. and Mrs. Quintin Robertson and family of North Vancouver were weekend guests of Mrs. Robertson's parents, Mr. and Mrs. E. C. Armstrong.

Mrs. Muriel Metz, a member of the staff of the local branch of the Canadian Bank of Commerce, with her young sons, Larry and Greg, is presently holidaying in Revelstoke, Vernon and other parts of the Okanagan Valley.

Owing to the pressure of other activities and lateness of the season, the Keremeos Players' Group has decided to postpone the production of "December Bride" until early next fall. Members of the group attending the regular monthly meeting participated in an entertaining program when they presented scenes from various comedies following the evening's business.

## MEN'S WEAR

### Smart New Fashions In Washable Fabrics

By ELEANOR ROSS

For the past few seasons, we've heard a great deal about washables for men, but the idea seems to have hit its stride this year. Slacks, jackets, suits, shirts and even sturdy cold-weather coats now require little upkeep.

**SAFELY WASHABLE**

Car coats, made of cotton blend, can go right into the washing machine and dryer. Jackets that are reversible and have fleece linings are also as safely washable as the daintiest of pretty feminine lingerie. Next time the man in your life goes shopping, point out the advantages of the new wash-and-wear styles. Let him discover a whole new world. It'll save you both time and money and permit him to have a much more comprehensive wardrobe at no greater cost.

And here's something he may have been too busy to notice: the best-looking suede jackets for men are inexpensive, sturdy, practical and washable.

It seems that imported suede leather, treated by new methods and smartly combined with nylon knit waistband collar and

cuffs, makes one of the most popular and desirable of the new outdoor jackets. Nylon-lined, this type of suede jacket is available in charcoal, platinum gray, copper, sable brown and tan.

When it gets soiled, you wash it. Therefore it will last longer than any other suede jacket.

These new washable suede jackets aren't confined to any one manufacturer. Their water-repellent qualities are being played up by many.

MR. AND MRS. DONALD ERNEST SPIERS

—Summerland Photo and Art Studio

## Spiers-Berg Rites At Summerland Church

St. Andrew's United Church at Summerland was the setting Saturday evening for a double-ring ceremony, uniting in marriage Diane Eleanor, younger daughter of Mr. and Mrs. John Berg, West Summerland, and Donald Ernest Spiers, son of Mr. and Mrs. Douglas Spiers of Quesnel. Rev. C. O. Richmond officiated.

The charming brown-haired bride, who was given in marriage by her father, chose white brocade for her full-length gown fashioned in the princess mode with long sleeves, a deep V neckline, and worn over hoops of ermine. A pleated headpiece of the lovely brocade clasped a chapel veil of illusion net. Her bouquet was styled of sweetheart roses.

Miss Sheila Berg, as maid of honor for her sister, wore a yellow brocade sheath with a cummerbund, a matching colored hat and gloves and carried white carnations.

Similar gowns were worn by the bridesmaids, Miss Lorne Cox in blue and Miss Mabel McNabb in pink with matching colored feather hats and gloves. Their bouquets were styled of white carnations.

The church was decorated with pink and white tulips, blue iris and golden yellow daffodils reflecting the pretty pastel colors in the attendants' frocks. Miss Ruth Dale was wedding organist and accompanied Miss Muriel Campbell who sang "The Gnome" during the signing of the register.

Kenneth Spiers of Mudeen Park was best man for his brother, while the ushers were Peter Klenchuk of Kamloops and Brian Berg.

### MARY HAWORTH'S MAIL

#### Jealous Wife Upset By Look of Surprise

DEAR MARY HAWORTH: My husband is the kindest man that ever breathed and I am the one who profits most; but this past year I have noticed changes which didn't disturb me until recently.

Although he's never indicated that he didn't want me to visit his office (and I've never had any inclination to do so), I am convinced that he was very disturbed when I went there recently to show him a telegram — conveying sad news to me.

The surprise that he and his secretary registered, plus his unexpected exclamation "why did you not call?" left me rejected. Quietly I replied, "was I supposed to?" and left. I returned to my car and went home.

When I entered the house the phone was ringing, and knowing it would be my husband, I didn't answer; nor did I answer all day. Was this unfair? That night he said he couldn't understand my actions. I said in a casual manner, "That's okay, I should have called first." But I didn't feel that way.

**SUSPICIONS GROW ON HER**  
Inwardly I suffer, because I feel that as a wife I shouldn't have been questioned. And since then I've become suspicious. I hate to say, and have been drawing threads together.

I recall my husband's great desire for being in his office early and late, and on "days off" when others are absent, except his secretary. I note his glow of anticipation at seeing her. He takes notice of her figure, clothes, hair, even how she smokes. He drives her car with pride, even makes repairs on it; goes to her home to pick her up and generally rejoices in her society.

Can this be foolish infatuation? I don't blame the girl, who is only 23 and has a steady boy friend, while my husband is 50. I've heard no gossip and would be glad if I did, because I love my husband and would suffer as much as he, if he were squelched. Still, I feel I should do something. But what? — K. S.

**CALL WASN'T OPEN MINDED**  
DEAR K. S. — Be sensible. It

### OSOYOOS NEWS

John Karnish of California is here visiting his parents, Mr. and Mrs. Paul Karnish.

Miss Marlene Neuls, a nurse-in-training, at St. Paul's Hospital, Vancouver, is visiting her parents, Mr. and Mrs. Leo Neuls.

Karl Koenig has returned from Vancouver where he was a hospital patient.

## PETER TOMLIN'S SPORTS DIARY

At 7:30 tonight in the Legion auditorium, the Babe Ruth Baseball league executive will put the fate of the league squarely in the hands of the parents of boys who are registered for play in Babe Ruth baseball this summer.

The parents attending the general meeting tonight will be given a prepared letter from the executive which will say, "The 1958 baseball season, as far as Babe Ruth is concerned, it well on its way. This will be the fifth time your executive have met since Feb. 12, so you can see we are working."

The letter continues, "Are you doing your part to help your son in this, the biggest year in Babe Ruth baseball in Penticton. There have been 90 boys from Penticton register for play, plus 15 from Keremeos and 15 from Naramata."

Of the fifteen members of the present executive, nine do not have boys playing in the league. With the B.C. Babe Ruth playoffs slated for Penticton in July, the league needs help with the enormous task of running the league and making preparations for the playoffs.

The bulk of the active executive members are people who are doing their fine work only because they want to see the boys of Penticton get a chance to play baseball.

Now, the time has come for the parents of the league's players to step forward and do their part to assist the people who have given unselfishly of their time to promote recreation for our city's younger members.

Still needed for regular league play are 3 coaches, a three-member protest committee, a public address announcer, score keepers, an equipment manager and a ground crew.

In addition, for the provincial playoffs, help is needed on program, advertising, entertainment, advance ticket sales, concessions, announcing, score keeping, protest committee, ground crew, umpiring and billeting.

Unless the parents come forward tonight and offer their services to the league, these projects are likely to end as dismal failures. The need is urgent. The success or failure of these ambitious undertakings is being placed in the hands of the parents of the boys who benefit most from the existence of the Babe Ruth League.

It's up to these parents to answer the call and show the executive and the team members that their efforts are appreciated.

At the meeting tonight, persons attending will be asked to choose the committee they would like to head or assist on and make their preference known to the executive.

This will enable the executive to get started on finalization of plans at once.

All that is promised to volunteers is a lot of hard work and that satisfaction of knowing that they are doing their bit to help youth of Penticton play the game they love.

For any further information, interested persons are asked to contact Lyn Coates, league president, by phoning 5374 or 3133.

Let's get behind this movement and make 1958 the best year that Babe Ruth baseball has ever had.

## Vancouver Flashes Power in 7-1 Win

By THE CANADIAN PRESS

The far-flung playoffs of the Western Hockey League, which have provided action somewhere almost every night for the last week or so, should get down to more compact proportions after Calgary Stampede's take on the Flyers in Edmonton tonight.

The teams are tied 2-2 in their best-of-five playoff so this one will be the decider. The winner will take on Seattle Americans who sidelined New Westminster Royals in another best-of-five round.

Vancouver Canucks Wednesday night took a third series in the playoffs, down-

ing Winnipeg Warriors 7-1 in Winnipeg for a 3-1 margin in their best-of-seven semi-final.

The Canucks boomed into a 2-0 lead in the first period and made it 3-1 before the end of the second as they combined strong defensive work with their scoring power.

PELLETIER OUTSTANDING

Bill Folk, Ron Hutchinson, Walt Peacock, Phil Maloney, Al Cleary, Jim Powers and Bob Robinson scored for the winners while Howie Glover netted the only Winnipeg goal in the second period. Vancouver goalie Marcel Pelletier was a defensive standout, especially in the first period when he stopped 14 shots as his team took six penalties.

Folk opened the scoring while Maloney was in the penalty box, coasting in on Ray Mikulan to push home Ed MacQueen's rebound for a close-range shot. The Warriors were a man short when Peacock fired from the sideboards and the puck bounced in off Mikulan's body.

Cleary scored unassisted in the second after taking the puck from Bruce Lea of the Warriors at the Winnipeg blueline. Glover's goal came as he deflected a blueline shot by Frank Arnett late in the period.

The Winnipeg defence was caught well out of position on all four of the third period goals. Hutchinson, Robinson, Powers and Maloney coasted in on the unprotected Mikulan to score.

IN A CLASS BY ITSELF

Peggy Peters tries out an Italian racer, a Fiat-Abarth 750, which holds more records than any other car of its class in the world. It is one of more than 300 cars on display at the International Auto Show in the New York Coliseum.

## Sports

PETER TOMLIN, Sports Editor

Thursday, April 10, 1958 THE PENTICTON HERALD 5

## Sportsmen Show to Feature Fish Tank

Sports fans attending the Sportsmen's Show will have a jump on the rest of the anglers in this district by being able to try their fishing skill at the Sportsmen Show trout pond, which will be stocked with specially imported Mountain Trout.

You will be able to do this fishing for a nominal fee, and everything you catch you will be able to take home with you and cook them in any fashion that will suit your palate.

The sponsors say that you can't hardly miss as the fish will be swimming in a limited area of approximately 8' x 20'. However, you will have approximately twenty other anglers at one time dangling their hooks and hoping for favoritism from the trout in the fishing pond.

## Belleville Enters Eastern Hockey Final

BELLEVILLE, Ont. (CP) — Belleville McFarlands, representing a city that hungered 32 years for an Ontario hockey championship, today feasted on the senior A title.

Playing-coach Ike Hildebrand summed it up after Belleville defeated Kitchener-Waterloo Dutchmen 4-1 Wednesday night to win the best-of-seven series 4-1.

"I've won a lot of championships in my life but none has given me more pleasure," he said.

It was the first all-Ontario championship for Belleville since 1926, when it won the intermediate B crown.

Belleville now meets Levis, Que., in a best-of-five series for the Eastern Canada championship. Winner will travel west to play either Kelowna Packers or Winnipeg Maroons for the Allan Cup. First two games of the eastern final will be in Belleville, probably Saturday and Sunday.

This particular feature has been a big favorite of both the younger and older sportsmen alike, and we are certain that it will prove a big feature here.

The Sportsmen Show promises to have many new and exciting events to present to all the local sports folk in this district, and this is a special invitation to everyone to be sure not to miss this outstanding event when it will play in Penticton on the dates of May 12, 13 and 14.

## John Leads Eilers To Slim Hoop Win

VANCOUVER (CP) — Led by the devastating scoring of forward John McLeod, Vancouver Eilers Wednesday night defeated Tillsonburg Livingstons 68-62 to move into a 2-1 lead in the best-

# Packers Go Two Games Up in Western Final

## Gatherum Finally Beaten But Maroons Still Lose

KELOWNA, B.C. (CP) — In their first outside-league playoffs in six years, Kelowna Packers give every indication of going on a binge in the heady atmosphere of Allan Cup competition.

They added a 4-1 victory over Winnipeg Maroons Wednesday night at Kamloops to a previous 5-0 triumph Monday night to go into the third game of the best-of-seven Western final with a 2-0 edge.

Back on home ice Friday night for that contest, the Packers are in a favored position to cop the Western series.

Kelowna has not reached such heights in nine years of senior A hockey. The greatest moment for the Packers prior to this season was in 1952 when they won the Okanagan League title only to lose the British Columbia championship.

SHUTOUT RUINED Standing as a pillar of strength behind the Packers' present position is goalie Dave Gatherum. He shut out the Maroons for close to 110 minutes in the first two games before young Barry Douglas, picked up from the junior Winnipeg Braves for the series, scored midway through the third period Wednesday night.

Brian Roche got his second goal of the series, Kelowna's last goal of the game. Mike Durban opened the scoring in the first period and Jim Middleton got the eventual winner early in the second. Bugs Jones notched the other Packer marker.

Winnipeg, which had been in bad shape in the opening game after travelling here for the series had no such excuse Wednesday night. They played faster, better hockey and outshot Kelowna 43-39. But the winners killed off a series of penalties with speed and stick control and held a decided edge.

Winnipeg also had its goalie to thank, in this case veteran Sugar Jim Henry, former National League netminder. He held off repeated Kelowna attacks and kept the scoring to respectable levels.

The entire series is to be played in B.C.'s Okanagan area. The fourth game is here Saturday night and, if necessary, the fifth and sixth will be played either here or at Kamloops next Monday and Wednesday. Date for a seventh game is not decided.

## Pancho Pulls Ahead

TEANECK, N.J. (AP) — World champion Pancho Gonzales turned back Lew Hoad 1-6, 6-3, 6-4, Wednesday night to increase his lead in their 100-game professional tennis tour to 30 to 23.

## Fail to Decide on Foe for Patterson

SAN FRANCISCO (CP) — Top-ranking heavyweights Eddie Machen and Zora Folley failed by far Wednesday night to determine a challenger for world champion Floyd Patterson.

They fought to a 12-round draw. A rematch is likely.

SARA BARBER

Brantford's smooth-stroking Sara Barber, seen above, clinched a berth on Canada's 12-member aqua team for the British Empire games to be held in Cardiff, Wales, in July, by shattering two marks in the games' swimming and diving trials held in Montreal. The 17-year-old aquatic ace who was Canada's youngest swimmer in the 1956 Olympics, lowered her record of 1:05.9 for the women's 110-yard backstroke with time of 1:04.4 in a qualifying heat and clipped 1.5 seconds off 440-yard freestyle record held by Montreal's Gladys Priestley.

## Indian's Score To Pitch Opener

HARLINGEN, Tex. (AP) — Southpaw Herb Score, making his first American League start since a line drive smashed into his eye last May 7, will be on the mound for Cleveland Indians Tuesday when the Tribe opens the season against Kansas City Athletics, manager Bobby Bragan announced Wednesday.

Score, who lost last year's opener to Chicago White Sox 3-2 in 12 innings, declared: "I'm certain I'm ready to pitch again." For several weeks after a liner by Gil McDougald of New York Yankees topped Score, it was feared the 24-year-old strikeout king would never see again from his damaged eye. He resumed workouts late in the 1957 season but the depth perception of the injured eye was still too faulty for him to risk a starting assignment.

## Cataracts Win

SHAWINIGAN, Que. (CP) — A second-period goal by Dick Bouchard gave Shawinigan Cataracts a 3-2 victory over Montreal Royals Wednesday night and a 3-2 lead in their best-of-seven semi-final playoff in the Quebec Hockey League.

## ISSUE CHALLENGE

## Habs Prepared to Fight for Honor

By W. R. WHEATLEY

Canadian Press Staff Writer

MONTREAL (CP) — Montreal Canadiens, riding high on a 2-1 win in the opener of the Stanley Cup final, gaily tossed a have-fists-to-fight challenge at Boston Bruins today for tonight's renewal of the hockey classic.

Let "em go ahead," said Montreal coach Toe Blake. "If they're going out there to try to whack us around they'll find out we have a few guys who can do some whacking on their own."

The Tuesday opener of the best-of-seven series was a rough-house, penalty-studded affair. There isn't the slightest indication that tonight's get-together of the hard-hitting teams is going to be any different.

Boston general manager Lynn

Patrick made it plain that Canadians can expect the same sort of treatment tonight—jarring body checks.

"We don't play good unless we're hitting the other team hard," said Patrick. "We aim to keep it up. We like to get that first goal."

The rumor got around Wednesday that the Bruins would yank goalie Don Simmons and replace him with veteran Harry Lumley for tonight's game.

The report about the change in Boston goalies seemed to stem from the belief that Simmons is a hot-and-cold netminder — hot Tuesday night and due for a chill.

Both goals that beat Simmons Tuesday night—scored by Bernie (Boom Boom) Geoffrion and Dickie Moore—came while Boston was short-handed through penalties. Montreal also was short-handed when Allan Stanley scored for Boston.

Lumley, a veteran National Hockey League campaigner, came back from the minors when Simmons was injured during the regular season and did a capable job. Experience is in his favor and he was the key figure in blanking Canadiens 3-0 in one of the three shutouts suffered by Canadians in the 70-game season.

## EXHIBITION BASEBALL

# Injury Jinx Still Plagues Majors; Robinson Gets Hurt

By THE ASSOCIATED PRESS

Spring training is proving as beneficial as a fall down the cellar stairs for some major league baseball teams.

Frank Robinson, hard-hitting young left fielder with Cincinnati Redlegs, was sent spinning to the dirt Wednesday when hit on the head by a pitched ball. He suffered a concussion which will keep him idle a few days. He came the third casualty in as many days of a disastrous spring baseball period.

Harry (Sultane) Simpson, New York Yankee outfielder, suffered a broken right wrist Monday when struck by a pitched ball. He will be out for about four weeks.

Outfielder Wes Covington suffered a wrenched left knee Tuesday when he collided with Ruben Walker, Los Angeles Dodger catcher, at home plate. Covington's knee is swollen. It's hoped he may be ready for Tuesday's opening game.

**LONG INJURY LIST**

These are a few of the more

recent cases. Injury charts are causing concern all over.

Willie Mays, star centerfielder with San Francisco Giants, got his arm clipped by a pitch which has handicapped him for a while.

Duke Snider, Dodger slugger, will not start the season because he is still bothered by a left knee which underwent an operation last winter.

Haywood Sullivan, Boston's rookie catcher, suffered a fracture of the right index finger. Then it was found he had a ruptured spinal disc which required surgery. He probably is lost for the year.

Moe Drabowsky, Chicago Cub pitcher, has a throat infection. Yankee catcher Yogi Berra has a cut hand. Al Smith, Chicago White Sox outfielder, has an inflamed leg tendon. Ted Williams of Boston Red Sox is hobbling around on a bad left ankle.

**NOTHING PROVED**

Williams went to the plate twice Wednesday and twice walked as the Red Sox beat

Memphis of the Southern Association 10-1.

Robinson's injury happened at Portsmouth, Ohio, where the Reds ended a three-game losing streak with a 2-0 triumph over Washington Senators.

Herb Score, Cleveland Indian pitcher who almost lost an eye when hit by a line drive last May, was charged with a 6-3 loss to the Giants at Harlingen, Tex. The Indians said Score will open for them Tuesday against Kansas City.

The world champion Milwaukee Braves whipped the Dodgers 5-4. The winning pitcher was Lew Burdette, world series hero.

Philadelphia Phillies banged the Yankees' aging Sal Maglie 12-8. The Sox crushed St. Louis Cardinals 10-6.

### HOWARD & WHITE MOTORS LTD.

# Lana Unlikely to Lose Her Career

By BOB THOMAS

HOLLYWOOD (AP) —Will the taint of scandal end Lana Turner's movie career?

The answer is probably no, judging from recent history in Hollywood.

No top star in recent times has been involved in a scandal. But several have been entangled in scandals and survived — even flourished — in their film careers.

This could not have happened in the silent era of films, when scandal piled upon scandal, and Hollywood was denounced in pulpits and editorial columns as a modern sodom. The film industry was alarmed at the wave of indignation. Fatty Arbuckle, some historians claim, was offered up as a sacrifice.

## RETIRED FROM SCREEN

Though he was acquitted of manslaughter charges in the party death of an actress, the public clamor against Arbuckle was overwhelming. Paramount scrapped \$500,000 worth of Arbuckle films, and the fat comic retired from the screen.

Caught up in the investigation of William Desmond Taylor's murder, Mary Miles Minter and Mabel Normand also lost their careers to the scandal. Both had been top stars.

Times change and so do public reactions. The first real test of a star's durability came in the moral climate of wartime with dashing Errol Flynn. He was

acquitted on morals charges involving underage girls. Hollywood waited to see what would happen to his career.

It became bigger than ever. The scandal seemed merely to enhance his reputation as a lovable rake.

## CITE OTHER CASES

Charlie Chaplin also became the figure of a scandal concerning his relations with his protégée Joan Barry. He was freed and seemed to suffer no grave damage to his professional reputation, but fell into disrepute with Americans later because of his political leanings.

Robert Mitchum was nabbed on marijuana charges and served some time. But he went right back to acting and is still one of the top male stars. Rita Hayworth survived despite her international pursuit of Aly Khan. Ingrid Bergman, who mothered a child out of wedlock, returned a few years later to win Hollywood's highest honor, the Academy Award.

One long-time observer of Hollywood declared: "Scandals can often make stars more exciting and appealing. The only kind of scandal that can kill a career is one involving either communism or perversion."

It would appear that Lana Turner can resume her career with no difficulty — if she chooses to. And, having been in films since she was 15, she knows nothing else.

## ROOM AND BOARD By Gene Ahern

## Star's Daughter Likes Stage Work

By SYLVIA HACK

CANADIAN Press Staff Writer LONDON (CP) — Vanessa Redgrave, actress daughter of actor Michael Redgrave, can't escape from the family circle—even on stage.

Since she left school last summer, 21-year-old Vanessa has made a film with her father and is currently playing his daughter, in her first West End play, Touch of the Sun.

A tall, blue-eyed brunette with a quietly composed manner, Vanessa openly admits her good fortune at being able to start her career under her father's guidance.

Occasionally he gets a bit sterner with her off-stage than most stage fathers would, but that's his prerogative, she says. It seems to be a highly satisfactory relationship as Vanessa says she is grateful for the advice.

Although Touch of the Sun has been running only three months, the youthful actress knows now that she prefers the stage to film work after only one film. "Movies are so madly technical," she says. "Every movement is hampered by cameras and there are no opportunities for rehearsals. You just have to project yourself into a mood for odd scenes."

MAN LOSES LIFE TRYING TO PET LION

In Palermo, Italy, a zoo lion bites the body of a man he has just killed. Giovanni Giulio, a Sicilian laborer, had jumped into the cage and had started to pet the animal. The lion, Barbarus,

knocked him down with one blow of his paw and clawed and bit him before zookeepers were able to push him away.

## MORE LOVE LETTERS

# 'You Must Let Me Alone' Writes Lana

LOS ANGELES (AP)—A second batch of love letters from Lana Turner to the man her daughter killed indicated Wednesday that she began last winter to seriously question their romance.

"This is not right. You must let me be alone in my own world for a while, to rest, think, rest, think," she wrote.

"I fully realize NOW that you feel there will never be a difference. I DON'T yet. That is why I need the time and a different place to funnel thru all the emotional turmoil I've been through.

"I beg you don't do anything just yet. I'll know when the time is right, if it is ever to be again. Please leave that up to me, one decision that I must make and make alone."

### TELEPHONED OFTEN

The second batch of a group of letters was published today in a copyrighted article in The Herald-Express, which obtained them from an undisclosed source.

The actress wrote them in Europe last winter while on a movie assignment. They were addressed to handsome Johnny Stompanato, her frequent companion for many months until last Friday night. Then, during a bedroom argument in Miss Turner's Beverly Hills home, her daughter Cheryl, 14, fatally stabbed Stompanato. She said she was protecting her mother from Stompanato's threats.

The second batch of letters were dated in January. They indicated Lana, in England, and Johnny, in California, telephoned each other often and discussed whether he should join her. He later did.

Despite occasional expressions of doubt about the future of the romance, the letters were full of

## Valley Dairy Group Donates \$5,000 to UBC

VERNON — A \$5,000 donation was made to the UBC development fund by dairy farmers of the Okanagan when they held their 33rd annual meeting.

A spokesman for the Shuswap Okanagan Dairy Industries Cooperative Association said the donation was made because farmer members wished to help every qualified applicant in the Okanagan Valley to attend university regardless of personal resources.

E. C. Stickland, president of the association, said the group had made greater progress in 1957 than in any previous year.

Sales for the year totalled \$2,500,000, an increase of \$300,000 over the previous year. Average price paid for butter fat was \$1.03 per pound of butter fat to the fluid milk shipper. In addition members will receive 8.7 cents from operations of their cooperative.

Capital distribution dividends totalled \$79,000 and there is an investment of \$10,500 in revolving shares which will be redeemable in cash in six years.

The association was told that the planned shipping point to be constructed in Penticton would have the finest architecture and landscaped grounds to blend with Okanagan scenery.

Farmers were unanimous in their approval of the milk board taking over in the Okanagan.

"We feel that control by the milk board offers us a bright future," the spokesman for the group said. "They will assure us of local Okanagan markets and we are bound to benefit from formula pricing and equalization provisions."

The milk board took over the Okanagan area on March 1.

## Quebec Will Gain Six Cabinet Posts

OTTAWA (CP)—Prime Minister John Diefenbaker says he plans to double Quebec representation in the federal cabinet to six members.

He announced his intentions Wednesday at a press conference during his holiday at Hamilton, Bermuda, but declined to say what persons or portfolios his cabinet changes will involve.

The prime minister also said Canada's reply is being prepared to a Soviet request that this country try to persuade the United States and Britain to join Russia in halting nuclear weapons tests. There was "nothing yet" on when the Canadian answer will be delivered.

### CABINET MEETS

Meanwhile, the cabinet met Wednesday in Ottawa under Works Minister Howard Green as acting prime minister, to take steps to replenish the depleted national treasury in time to meet mid-April civil service payrolls. During his campaign for the March 31 general election, Mr. Diefenbaker asked Quebec voters to "embarrass him" by sending

more representatives of cabinet calibre to Parliament.

The traditionally Liberal province replied by increasing its Progressive Conservative representation in the Commons to 50 from nine in the last Parliament.

The 600-word letter from Russian Premier Nikita Khrushchev, dated April 4 and addressed to the prime minister, was delivered April 5 to External Affairs Minister Sidney Smith.

### ASKS SUPPORT

It referred to Russian proposals that Britain and the U.S. follow Russia's announced intention of stopping the tests and called on the Canadian government "to support this initiative in the common interest of all mankind."

Mr. Diefenbaker said Wednesday any consideration of the Soviet ban should be in the light of apparent completion by the Soviets of testing needed for the next few years and of the Soviet refusal to agree to international inspection. Tests "could take place without ascertainment of other nations."

Mr. Green told reporters Wednesday's four-hour cabinet meeting had recommended authorization of a further arm "of government expenditure under a governor-general's warrant."

Since Feb. 1, when the last Parliament was dissolved, special governor-general's warrants have been used to authorize government spending. The last warrant for \$544,000,000 was issued in February. It covered spending to the end of March.

### TO VISIT DULLES

Mr. Smith said Wednesday he hopes to pay what he called a courtesy call on U.S. State Secretary John Foster Dulles during a visit to Washington, D.C., Monday. Mr. Smith is to confer with Canadian consulate officials from across the U.S.

Mr. Diefenbaker told reporters April 3, after his cabinet's first post-election meeting, he did not expect to make any announcement on changes of cabinet personnel before his return from Bermuda.

Present Quebec representatives in the 22-member cabinet are Mines Minister Paul Comtois, Postmaster - General William Hamilton and Solicitor - General Leon Balcer. Seven cabinet members are from Ontario; three from British Columbia; and two from Saskatchewan. There is one member from each of the six other provinces.

Four cabinet jobs are vacant: immigration minister, defence production minister, associate defence minister, and Privy Council president.

## Paul Robeson Praised by Communists

LONDON (AP) — Paul Robeson was praised throughout the Communist world Wednesday on his 60th birthday.

The entire Soviet press, Moscow and Peiping radios and speeches lauded the American singer and actor.

Much was made of the U.S. state department's refusal to permit Robeson to travel abroad. He was denied a passport after he declined to answer questions about alleged associations with organizations called subversive by the U.S. attorney-general's office.

In Peiping, a mass meeting honored the singer. Kuo Mo Jo, head of the Communist Chinese Academy of Sciences, declared that the denial of a passport to Robeson demonstrated "imperialism's fear of Robeson's songs, its fear of peace."

### WORDS OF THE WISE

Although men are accused of not knowing their own weakness, yet perhaps few know their own strength. It is in men as in soils, where sometimes there is a vein of gold which the owner knows not of.

—Jonathan Swift

ALL-CANADIAN

Though originally from Siberia, rhubarb is now an all-Canadian plant and has no competition from outside our boundaries. All rhubarb sold in Canada is grown here, the Rhubarb Growers' association says as part of its campaign to make more friends for the plant. April, the association wants the world to know, is the month when the winter-grown variety is most tender and best flavored.

## Fined \$10 for Failing to Give Right-of-Way

Screaming siren and flashing red light of a police patrol car did not disturb city motorist Charles Kuzma Demoskoff as he drove along Highway 97 near Skaha Lake April 5.

Unaware that the police car was responding to an emergency call, Demoskoff, with a solid line in his lane, would not allow the police to overtake, it was alleged in police court Tuesday.

Demoskoff pleaded not guilty to failing to give the right-of-way to an emergency vehicle.

Magistrate H. J. Jennings found him guilty and imposed a fine of \$10 and \$3 costs.

It was stated that Demoskoff's failure to move over, delayed RCMP Constable Woods on his way to Oliver to escort a premature baby to the airport for urgently-needed hospital treatment in Vancouver.

## Argue Is Lonely as CCF Member

By DON PEACOCK  
Canadian Press Staff Writer

OTTAWA (CP)—The thing that gets you about being the only opposition member from the Prairies is the loneliness.

So says Hazen Argue, 37-year-old CCF member of the Commons for Assiniboia, Sask., who was the only opposition member to survive the Progressive Conservative sweep across the three Prairie provinces.

"If I was any more lonely I wouldn't be here," he said during an interview in his parliamentary office.

Down the corridor, some of his 24 colleagues in the last Parliament were busy packing up to move out. Only eight CCF members survived the March 31 election.

### STUNNED BY RESULT

National Leader M. J. Coldwell and Deputy Leader Stanley Knowles were among those defeated and there appears a good possibility that Mr. Argue will become the party's House leader.

Mr. Argue, his party's chief agriculture spokesman almost since he entered the Commons in 1945, said the election kind of stunned him.

"But I think people are going to recognize very soon that they made a great error in reducing the CCF representation in Parliament."

Would the eight CCF members find it hard to maintain their identity in the 265-member Com-

mons? Wouldn't there be some danger of being swallowed up by the 49 Liberals who comprise the rest of the opposition to Prime Minister Diefenbaker's 208-member Conservative force?

It would be a difficult job, perhaps, he said. "But the eight CCF members will maintain their identity and give a good account of themselves, just as the seven between 1935 and 1940 did."

### TO PROD GOVERNMENT

Mr. Argue felt that opposition members, with their numbers so depleted, now have greater responsibility than ever to do their job well.

"The public has expressed an overwhelming confidence in the Diefenbaker government and I think its responsibility now is to carry out all of its promises."

"The role of the CCF will be to do everything we can to prod the government into fulfilling its many commitments to the Canadian people."

## "Looking around for more business? The BNS can help you."

SHOULD I TAKE on other lines? Is now a good time to expand... or retrench? What are other businessmen in the same position doing? A businessman's success hinges on questions like these—questions that the BNS can help you answer.

Take the case of Joe Carruthers, for example. Joe's lakeside grocery flourished in the summer-time, but in the winter it wasn't profitable. Joe wondered if it would be a good move to set up a lunch counter to cater to the ice fishermen who were on the lake every winter.

He went to his BNS branch for advice, and the manager promptly called other branches in similar

resort areas. Quite a number reported thriving local businesses serving coffee and snacks to the ice fishermen. They even offered some specific suggestions on how to get started.

Joe's next step was to apply for a low-cost BNS loan, to pay for the necessary alterations to his store. Joe got the loan, and soon he was in business... a mighty profitable business, as it turned out.

Like Joe, you'll find that the BNS is ready to help you with many kinds of services and information. Drop in soon—the BNS would like to do business with you.
